Technical Data Sheet

Keyalox - White

White Aluminium Oxide is purer than brown as it has been through more cleaning processes making it purer, with less iron content. It is suitable for hi tech application work such as that in the aero industry.

Suitable for recycling in blast rooms and cabinets.

Grade	Fepa	Microns
KEYALOXWF16	F16	1180
KEYALOXWF24	F24	710
